Counseling & Social Services

Social Security’s Program that Helps Children with Disabilities
The Social Security Administration (SSA) released a partner toolkit for parents, caregivers, educators, and community members about potential financial assistance for children with disabilities. The toolkit contains articles, email templates, and further information about SSA's Supplementary Security Income program. View the SSA partner toolkit.

Tourette Syndrome: Help Stop Bullying
According to the Centers for Disease Control and Prevention (CDC), children with tics are more likely to be bullied than children without tics. To address this disparity, the CDC developed a webpage to help stop bullying. View CDC's resources on Tourette Syndrome to learn more.

Resources for Underserved Student Population
Findhelp.org is a search engine that can connect students with no or low-cost programs. The website provides a list of organizations that offers social services based on zip code. These services can include food assistance, paying bills, childcare, and more. To see all the services offered, visit Findhelp.org.
Healthy School Environment

Protecting Young People from E-Cigarettes
The Centers for Disease Control and Prevention (CDC) launched a national initiative called Protecting Young People from E-Cigarettes. The initiative aims to educate parents and school staff about the risks of young people using e-cigarettes. Learn more about CDC's initiative regarding e-cigarettes.

2021 School Safety Summer Conference
The 2021 School Safety Summer Conference hosted by the Maryland Center for School Safety. It’s a free virtual conference that will take place on the following four days in July 2021: July 12, 15, 20, and 22. The conference will open at 9:00 a.m. and end at 4:00 p.m. on each of those four days. Registration is required.

How to Manage Difficult Conversations
The National Association of School Nurses (NASN) released an interactive tool to assist school nurses in navigating challenging conversations. The tool presents situations where difficult conversations may arise and provides techniques to minimize any adverse effects. The techniques provided in the tool also can be used by school staff. View the NASN tool and learn more.

Physical Education/ Activity

Staying EnergizEd at Home
Action for Healthy Kids launched a three-part webinar series titled “Action for Healthy Kids’ Family Connect Summer Series Learning Sessions.” The second webinar in the series is Staying Energized at Home. The Staying Energized at Home webinar will include activities and resources for both adults and children on ways to boost physical activity and play throughout the summer. Find out more and register for the webinar.

CDC Fall Prevention Tips
According to the Centers for Disease Control and Prevention (CDC), falls are the leading cause of non-fatal injuries for all children ages 0 to 19. Many falls can be avoided if parents, childcare providers, and the children work together. The CDC has a list of key prevention tips and resources to help prevent falls. View CDC’s fall prevention tips and resources.

School Health Services

July is Healthy Vision Month
July is Healthy Vision Month! While you are enjoying the warm weather, be sure to take steps to protect your eyes from harmful UV light. Use this month to educate yourself, students, families, and community members on ways to protect your vision. Visit the National Eye Institute for resources on keeping your eyes healthy.

Autism in Context Webinar
Are you interested in learning practical strategies for maintaining an equitable learning environment for students on the autism spectrum? The Association for Supervisor and Curriculum Development (ASCD) has a free webinar for educators and parents on this topic. The webinar is available on demand.

Nutrition Services

Summer Meals Site Finder
Fuel up with summer meals! Summer meals are perfect complement to an activity-filled day. Nutritious on-the-go meals are available at no cost to children 18 and under. Click HERE to find the Summer Meals Sites near you.

School Health Guidelines to Promote Healthy Eating and Physical Activity
Physical activity is essential for a child’s growth and development. The CDC recommends at least 60 minutes of moderate to vigorous activity for school-age children per day. Children who move more experience increased energy levels, improved academic performance, and well-being. Physical activity is any that children can do and enjoy such as playing outdoors, walking the dog, participating in a favorite sport, or even having a family dance party! The Office of Disease Prevention and Health Promotion has a fun fact sheet that shows children how to incorporate more movement into their day. 60 A Day: Fact Sheet for Kids
Employee Wellness

**Employee Wellness Tip Sheet**
The Centers for Disease Control and Prevention (CDC) released a new tip sheet for promoting school employee wellness. Employee wellness is one of the key components of the Whole School, Whole Community, Whole Child approach which can benefit the school, teachers, and students. [Download the CDC employee wellness tip sheet](#) and learn more about promoting a school wellness program.

Funding Opportunities

**Get a Salad Bar in Your School**

Does your school have a salad bar? If not, apply for a grant from [Salad Bars to Schools](#). Applications are accepted year-round and are reviewed in the order they are received. It may take up to 12-14 months to fund a school salad bar. To qualify, the salad bar must be part of the reimbursable meal served in your district.

**Target Field Trip Grants**

Since 2007, the Target Company has donated more than $16 million in grants to the improvement of education. Each Target store in the United States will award three Target Field Trip Grants, enabling one in 25 schools throughout the country to send a classroom on a field trip.

**Firehouse Subs Public Safety Foundation AED Grants**

- Portal opens January 1, 2021

[Click here to learn more.](#)

**Apply for a Grant to Improve Your Community**

If you have a plan for helping your community but need some money to get started, Walmart may be able to help. Walmart’s Local Community Grant Program awards grants to eligible kindergarten-through-12th grade public, private or charter schools. Proposed projects could be a soup kitchen, food pantry, clothing closet or other activities that benefit the community at large. The deadline to apply is December 31, 2021. Visit the [Local Community Grant Program](#) for a complete list of eligibility requirements and areas of funding.

**NASN Research Grants**

Purpose: To encourage and support research regarding school nursing and health of school aged children.

To advance and fund quality school nursing practice and school-affiliated delivery of healthcare.

**Program Donates Equipment & Apparel for Sports**

Does your school need help getting sports equipment and apparel? If it does, [apply for a donation from Good Sports](#). The application process will open in January. If selected, your school will gain access to the Good Sports catalog for available inventory. Schools must serve young people between ages 3-18 years old. More than half of the student body must be eligible for free or reduced lunches.
