Georgia Student Wellness
Educating the Whole Child

Educating Georgia’s Future

October 2020

Upcoming Workshops

**Stewards of Children** - Join Children’s Healthcare of Atlanta as Stewards of Children demonstrates how to prevent, recognize and react responsibly to child sexual abuse and teaches five proactive steps to protecting children.

**December 4— 11:30 to 2:00 p.m.**
Children’s Healthcare of Atlanta | Office Park Learning Center
1680 Tullie Circle NE
Atlanta, GA 30329

**Contact:** Angie Boy- 404-785-5004
**cpctraining@choa.org**

Counseling & Social Services

**October Is Bullying Prevention Month**
This month, join [StopBullying.gov](http://StopBullying.gov) to help put an end to bullying. StopBullying.gov has an online [bullying prevention training course](http://bullyingpreventiontrainingcourse), resources for [children and teenagers](http://childrenandteenagers) and information for [schools](http://schools). Visit the website for more information.

**Explore Factors that Affect Depression Risk**
According to the National Institutes of Health, getting enough social support and limiting how much media you use may help prevent depression. [Read the article for more information](http://Read the article for more information).

October National Health Observances

- Domestic Violence Awareness Month
- Eye Injury Prevention Month
- Health Literacy Month
- Healthy Lung Month
- National ADHD Awareness Month
- National Breast Cancer Awareness Month
- National Bullying Prevention Month
- National Dental Hygiene Month
- National Down Syndrome Awareness Month
- National Physical Therapy Month
- Pregnancy and Infant Loss Awareness Month
- Spina Bifida Awareness Month
- Sudden Infant Death Syndrome (SIDS) Awareness Month
- Mental Illness Awareness Week (Oct. 4–10)
- World Mental Health Day (Oct. 10)

The articles and hyperlinks to external websites appearing in this newsletter are intended to be informational and do not represent an endorsement by the Georgia Department of Education.
COVID-19 Resources

- Review CDC COVID-19 Indicators for School Decision-Making
- National Association of School Nurses: Coronavirus Disease 2019 Resources
- Review Considerations for Asthma and COVID-19
- Review Guidance on Use of Personal Protective Equipment in Schools

Healthy School Environment

Watch Indoor Air Quality Webinars

The Environmental Protection Agency has three pre-recorded webinars addressing Indoor Air Quality management in schools. The webinar series, Healthy Indoor Environments in Schools: Plans, Practices and Principles for Maintaining Healthy Learning Environments, explores creating healthy indoor environments, while limiting the spread of viruses and bacteria.

Health Education

Watch Educational Videos on Good Hygiene

The National Association of School Nurses created a series of online videos for students, families, and school staff addressing hand washing, face coverings, and when to stay home. The videos are in both English and Spanish. Share the videos with your school community.

View Posters Addressing What Physical Educators Need to Know about Chronic Health Conditions

The Society of Health and Physical Educators and the National Association of School Nurses created posters addressing what physical educators need to know to recognize and respond to health emergencies. The posters focus on anaphylaxis, asthma, diabetes and seizures. Download the posters today.

School Health Services

Flowchart Addresses What to Do If a Student Becomes Sick at School

A new one-page flowchart from the Centers for Disease Control and Prevention details what to do if a student becomes sick at school, reports a new COVID-19 diagnosis, or tests positive or negative. Download a PDF copy of the flowchart.

Talk to Your Students’ Parents about Prediabetes

Did you know that one in five children aged 12-18 years old has prediabetes, and one in four aged 19-34 years old has prediabetes? Prediabetes increases the risk of developing type 2 diabetes and heart disease. Review the information from the Centers from Disease Control and Prevention and share it with your students’ parents. Parents should talk to their child’s health care provider about testing for type 2 diabetes, and adults aged 18 and over can take a 1 minute risk test.

Community Involvement

Review Youth Sports Participation During COVID-19 Safety Checklist

Many children are participating in a variety of sporting events. If your child is playing sports during the COVID-19 pandemic, the American Academy of Pediatrics has a safety checklist for parents and caregivers. Visit HealthyChildren.org to review the tips.

Review Tips to Be a Healthy Role Model for Children

As a parent or guardian, you are the most important influence on your child. You can do many things to help your child eat healthy and exercise. The U.S. Department of Agriculture has 10 tips to be a healthy role model for your child. Tips include: go food shopping together, limit screen time, encourage physical activity and more.

Nutrition Services

View Report Addressing Fast Food Intake Among Youth in the U.S.

The Centers for Disease Control and Prevention recently published a report analyzing fast food intake among children and adolescents in the U.S. from 2015 to 2018. Based on the data, over one-third (36.3%) of children and adolescents consumed fast food on a given day. Read the report for more information.
**Employee Wellness**

**Read School Employee Wellness Guide**
Looking for ways to increase employee wellness? Look no further than the National Association of Chronic Disease Directors’ Healthy School, Healthy Staff, Healthy Students: A Guide to Improving School Employee Wellness. Learn ways that you can support your colleagues.

**Fueling Georgia’s Future**

**October Harvest of the Month**

**Zucchini**

**Georgia Grown Resources**

**Classroom Resources:** Resources include downloadable activity books, bulletin board kits, commodity fun facts, Georgia Grown videos and more, from Georgia Grown.

**Funding Opportunities**

**Apply for Garden Grants**
Do you want to start an edible garden at your school? Consider applying for the Annie’s Grants for Gardens program. If selected, the funds may be used to purchase plants, seeds, wheelbarrows, raised beds, or any equipment appropriate for an edible school garden. The application window closes November 1.

**Get a Salad Bar in Your School**
Does your school have a salad bar? If not, apply for a grant from Salad Bars to Schools. Applications are accepted year-round and are reviewed in the order they are received. It may take up to 12-14 months to fund a school salad bar. To qualify, the salad bar must be part of the reimbursable meal served in your district.

**Apply for ALDI Smart Kids Grants**
ALDI is partnering with local organizations to make a positive impact on kids’ health and wellness. Grant funds can be used to support children through education, arts, or other activities that help kids stay active and healthy. Applicants can request either cash or ALDI gift cards ranging in value from $100 to $5,000. The application deadline is December 15, 2020. For more information on the program, visit the Aldi Smart Kids webpage.

**Target Field Trip Grants**
Since 2007, the Target Company has donated more than $16 million in grants to the improvement of education. Each Target store in the United States will award three Target Field Trip Grants, enabling one in 25 schools throughout the country to send a classroom on a field trip.

**Firehouse Subs Public Safety Foundation AED Grants**
- November 11, 2020 at 5 p.m. for Quarter 1 2021 Grants
- Portal reopens January 1, 2021

Click here to learn more.

**Apply for a Community Grant**
Do you have an idea for an after-school program that would benefit an underserved community? Apply for a Community Grant from the Walmart Foundation. Click here for more information.

Resources obtained from the National Association of School Nurses Website

School Health Resources

Department of Public Health–School Health Program

The GA Department of Public Health provides leadership, training, and consultation to all health districts, school districts, and nurses serving children in the school setting.

For more information contact:
schoolhealth@dph.ga.gov

Children’s Healthcare of Atlanta – School Health Program

CHOA’s School Health Program offers school nurse updates and webinars on clinical pediatric topics; staff education for school districts in metro Atlanta; reviews and revisions of the school health manual; serves as a contact for school nurses to call to discuss programmatic needs and difficult cases; and provides the CHOa/DPH Common Infectious Illness poster, Behavioral Health resources, and Educational Videos. CHOa also provides nutritional and wellness resources through the Strong 4 Life Program.

For questions or requests, call 404-785-7202, or email schoolhealth@choa.org Click here for more information or here to opt-in to receive School Health news.

CHOA Events and Trainings

ACE Asthma Care and Education Course Friday, October 9

Visit the school health events calendar to learn more and register.

National Health Education Week
The Society for Public Health Education (SOPHE) is offering daily webinars throughout the week around various health education topics. They also have a social media toolkit to promote their activities/offerings.

Eye Injury Prevention Week
The National Center for Children's Vision and Eye Health has updated Vision Screening Guidelines by Age. We also have resources on the Georgia Insights webpage about how to screen for vision problems, as well as suggestions for local partners to help support these efforts.

National Dental Hygiene Month
The Georgia Department of Public Health offers oral health services to schools by way of fluoride and dental sealant programs. Children who have dental pain and untreated caries are more likely to miss school, and to have trouble concentrating when they are present.

NIMH Livestream Event: Managing Attention-Deficit/Hyperactivity Disorder in Children and Adolescents

In observance of ADHD Awareness Month, the National Institute of Mental Health (NIMH) recorded a livestream event on Wednesday, October 21, 2020. Mary Rooney, Ph.D., clinical psychologist and chief of the Child and Adolescent Psychosocial Interventions Research Program at NIMH, discussed signs, symptoms, treatments, current research, and tips for helping children and adolescents manage ADHD during the pandemic. View recorded webinar here.

Georgia Insights
Georgia Insights is an initiative of the Georgia Department of Education, focused on improving the clarity and accessibility of district and school-level data through public-friendly and easy-to-use dashboards.

Georgia Insights utilizes the data the state already collects and presents it using clear, easy-to-understand visuals. By displaying the data in a streamlined, usable and useful manner, we hope to equip educators, parents, and communities with the tools they need to enact positive change in their schools.
